

Everlast Standard Tanks

Everlast is Forever

The Standard Family Home and Farm Tank

Join 20,000 Happy Customers

With over 20,000 **Everlast** concrete water tanks in service in rural Victoria and NSW, our farmers and property owners clearly agree on one thing – that concrete is a natural when it comes to storing water and that **Everlast** is their natural choice of supplier of concrete tanks. After all, they know that Everlast has stood the test of time [and bushfire]. Suitable for home-steads, sheds, dairies, gardens and stock-watering systems, the **Everlast Standard** water tank will add value to your property.

Buy at Factory Prices

Experience the pleasure of buying direct. With no middleman to take his cut, the money saved on an **Everlast Standard Tank** could be sufficient to pay for the pump and special fittings.

Be Fire-Wise

When you need it most a bushfire can melt or burn plastic or fiberglass water tanks, whereas, an **Everlast** concrete tank will emerge unscathed and ready to supply the water you may need to save your house.

Hassle-Free Installation

Dial up our free number and place your order. Visit the website to download simple site preparation instructions. Choose your site, level the ground, form and spread the gravel bed.

When you are ready, let us know. When our team delivers they are in and out in under an hour – tank unloaded and all fitted up.

Security Against Damage

If you live in the bush and the weather is hot, do you wonder if the tank is watering the stock; not empty because it has been vandalized. Install an **Everlast** concrete tank and you won't be worrying about having your tank holed by vandals.

Free Rainwater

Water is the key to life and gardening. With rising costs and increased public awareness of this vital resource, more people are looking at ways to use water wisely.

Most rural properties have extensive roof areas that can be used to harvest considerable quantities of rainwater. Why not install an **Everlast Standard Tank** to store roof discharge water to be put to one of many possible uses around the property?

Standard Sizes

Everlast Standard Tank capacities range from 5,000 to 35,000 litres. All **Standard Tanks** are painted with an attractive white lime-wash finish.

For Tank Sizes & Options –see Overpage.
